

Finally LET'S GET BACK TO BUSINESS TOGETHER

WE'VE TAKEN OUR IN-FLIGHT ENTERTAINMENT EXPERIENCE TO AN ENTIRELY NEW ALTITUDE & GIVEN IT A WHOLE NEW ATTITUDE

Over 200 flights take off daily from 36 different destinations with cloud nine magazine in the seat back pocket and our digital travel companion keeps you in front of active business and leisure travelers between trips, especially during the critical travel planning process. This approach, unique in the airline industry, has helped us develop a trusted relationship with travelers we can leverage to help you build your business. And since our airline partners are often the exclusive service in and out of many of America's under-served airports, our online travel resources have high domain authority with Google.

Our ability to influence frequent business and leisure travelers can help you get back to business faster. We have better consumer targeting capabilities, powerful and authoritative messaging, and a unique ability to reach your best customer prospects via the magazine, the website, social media, email, and re-targeting across third-party apps and websites. We've combined the credibility of a trusted traveler

resource and married it with today's most powerful digital marketing technologies to efficiently and effectively connect you with buyers.

A UNIQUE NEW TAKE ON THE IN-FLIGHT EXPERIENCE & BEYOND THE AIRPLANE ITSELF

There was no better time than lockdown to re-imagine how airlines and the rest of the travel industry foster a deeper relationship with frequent travelers. So we did.

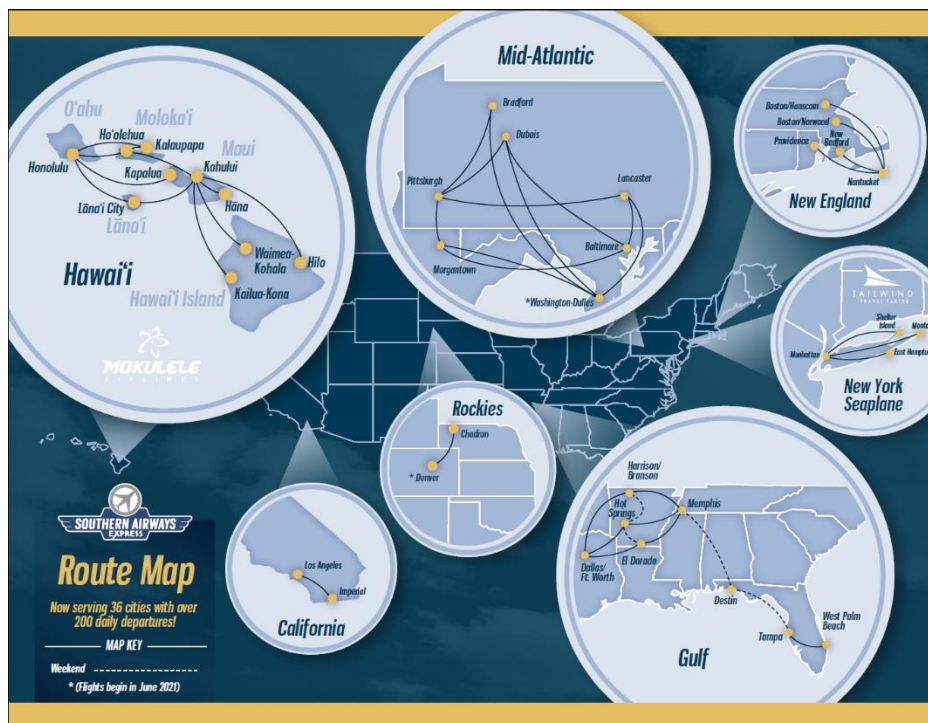

The result is a unique take on the in-flight magazine, focused on creating an ongoing relationship with travelers when they leave the plane. That relationship stays with them between trips; especially during the critical trip planning phase. Then combine a powerful digital communication strategy that carefully curates useful and engaging content about all our destination cities and has the ability to target frequent business and leisure travelers based on real behavior and preferences they've shared willingly. Now you've got something!

OUR AIRLINE PARTNERS

We've partnered with regional airlines who are often the exclusive carriers in many of our destination cities, connecting them with hubs and code sharing with global carriers. We also connect people via vital inter-island route in Hawaii, Nantucket, and the Hamptons.

36 DESTINATIONS SERVED & COUNTING

Many of our destinations are exclusive to our airline partners. And since we are carefully curating useful and engaging content about each destination, we are often the best and sometimes only trusted, independent source of information about many of our destination cities.

A TRUSTED PARTNER IN TRAVEL'S BIG COMEBACK

We believe in it. And we believe in you. We can't wait to help you write your big comeback story!
